University of Chicago

Fellowships

Reproductive Endocrinology & Infertility, Northwestern University

We would like to welcome **Dr. Jennifer Hirshfeld-Cytron** to the Department of Obstetrics and Gynecology.

Dr. Hirshfeld-Cytron will be joining our faculty as Assistant Professor of Obstetrics and Gynecology. She will be providing care to patients in our reproductive endocrinology and infertility center within the Center for Women's Health.

Her research and clinical interests include hysteroscopic and laparoscopic surgery, infertility, fertility preservation, PCOS and recurrent pregnancy loss.

To make an appointment with Dr. Hirshfeld-Cytron, or any of our REI physicians, please call **312.996.1682** and visit our website at **www.uicivf.org**
