High Risk Follow-Up Rotation Structure

10% High Risk Follow-up Clinic
90% Research

- Fellows participate in the HRFU Clinic rotation one half-day per week, during the month they are scheduled. The rest of their time during that month is designated for research.
- This rotation occurs as follows:
 - Year 1 – 3 months of HRFU rotation
 - Year 2 – 3 months of HRFU rotation
 - Year 3 – 2 months of HRFU rotation
-
- Department location: OCC, Room #2-E
- Didactic Lectures MUST be attended by all fellows (no exceptions)
- Attendance is required at other conferences (unless research/lab activities directly conflict with conference times):
 - Fellows are expected to sign-in at ALL conferences attended
