

**Center for MR Research
3T MR Resource Agreement**

This Resource Agreement and the Budget Preparation must be completed before any PAF is signed by the CMRR - 3T Director. This agreement between the administration of the Center for MR Research at the University of Illinois at Chicago and the Principal Investigator (PI) summarizes the commitment of 3T MR resources needed by the proposed research project.

Principal Investigator:			Date:		
Investigator's Title:			Department:		
Office Address:					
Telephone:		Fax:		E-mail:	
Title of Project:					
Funding Source:				Submission Date:	
Start Date:		End Date:		Funds: Pending	Awarded
				Project Code:	

The resources and estimated charges for the project follow. Charges of MR Imaging time include usage of acquisition hardware and software, inpatient/outpatient facility and networking. Hourly rates are determined in accordance with University policy and are subject to change July 1st of each year. For budget planning purposes, an average annual increase of 4.5% in hourly rate is anticipated and is subject to change annually. The quantity of hours listed are an estimate. Required hours can be changed based upon need.

Resource Item	Unit	Year 1		Year 2		Year 3		Year 4		Year 5	
		Qty	Cost	Qty	Cost	Qty	Cost	Qty	Cost	Qty	Cost
MR Imaging											
3T	Hour	0	\$0.00	0	\$0.00	0	\$0.00	0	\$0.00	0	\$0.00
Patient Procedures											
IV	Study	0	\$0.00	0	\$0.00	0	\$0.00	0	\$0.00	0	\$0.00
Sedation/Recovery	Each	0	\$0.00	0	\$0.00	0	\$0.00	0	\$0.00	0	\$0.00
		0	\$0.00	0	\$0.00	0	\$0.00	0	\$0.00	0	\$0.00
Supplies											
Contrast Agent	Dose	0	\$0.00	0	\$0.00	0	\$0.00	0	\$0.00	0	\$0.00
Sedation (Oral)	Dose	0	\$0.00	0	\$0.00	0	\$0.00	0	\$0.00	0	\$0.00
Sedation Drugs (IV)	Dose	0	\$0.00	0	\$0.00	0	\$0.00	0	\$0.00	0	\$0.00
Total Direct Costs			\$0.00		\$0.00		\$0.00		\$0.00		\$0.00
Indirect Costs			\$0.00		\$0.00		\$0.00		\$0.00		\$0.00
TOTAL			0.00		0.00		0.00		0.00		0.00

SIGNATURE (Principal Investigator): _____ Date: _____

MR Resource Agreement

These resources are allocated for the Principal Investigator (PI) to complete the investigations described in the proposal entitled, _____ submitted to the Center for MR Research at the University of Illinois at Chicago on date: _____.

The experimental design is the sole responsibility of the PI. Although the Center for MR Research at the University of Illinois at Chicago is available to consult with investigators, the Center for MR Research is not responsible for data that does not meet the needs of the PI.

It is the responsibility of the Principal Investigator to ensure that the MR scanning parameters, filming instructions and data transfer/archival procedures are adequate for the continuation of the study. After review, feedback should be provided to the Center for MR Research with regards to the continuation of the study and/or corrections to the MR scanning parameters, filming instructions and data transfer/archival procedures. If no corrections are requested, then the PI takes responsibility for the adequacy of the MR protocol.

As the MR research program is mandated to maintain state-of-the-art performance of equipment for all investigators, periodic maintenance and upgrades have highest priority. This may necessitate changes in schedules and protocols. Such disruptions will be minimized by advance notice.

The Center for MR Research at the UIC assumes no responsibility for the storage of data or films.

If the PI demonstrates that the equipment does not perform up to the technical specifications of the manufacturer, then repair and recalibration will be initiated through the Director of the Center for MR Research 3T Program at the UIC or designee. No charge will be incurred during such equipment malfunctions. The PI remains responsible financially for sub-optimal studies due to other causes including, but not limited to, subject motion, non-compliance and intolerance of the investigation.

Documentation of **IRB** approval is required for all research performed on human subjects. This approval requires that the PI or designee screen all humans for contraindications. An Illinois licensed physician must be available when a research subject is undergoing a MR study. Documentation of **ACC** approval is required for all research performed on animals. For details, please refer to Policy No. 9 of the Center for MR Research 3T Program

This budget is not valid until an account has been established with the **Center for MR Research Office at 312-996-1251**

This is an internal document and should not be submitted to the funding source.

All "Pending" accounts will expire after a period of 12 months and the PI will need to resubmit for a new MR Resource Agreement.

If your "Pending" account is awarded funding, please notify Mike Flannery at mpflanne@uic.edu with the updated project Start and End dates.
