

1 June 2018

Invitation to the 2018 IPOSC ROP Africa Symposium

Dear Sir or Madam:

On behalf of the Organizing Committee, we are pleased to invite you to attend the 2018 IPOSC ROP Africa Symposium to be held at the Red Cross Memorial Children's Hospital in Cape Town, South Africa on September 3 - 4, 2018.

If any entry visa is required, please allow sufficient time for the application procedure. We recommend that you allow at least ten weeks prior to the start of the Symposium. This process may take longer in certain countries, so we suggest that you contact your nearest Embassy or Consulate to determine the appropriate timing of your application. We also recommend that you register and pay to attend the Symposium and present the confirmation documents when applying for a visa.

This letter does not confirm the successful registration in connection with the full payment of registration fees, nor does it commit the Symposium organizers to any kind of financial support or housing arrangements. Please note that invitees bear their own costs of travel, board and lodging, and registration to the Symposium, unless otherwise agreed upon in writing. This letter does not guarantee an entry visa and the Symposium organizers do not contact embassies or consulates on your behalf.

Any inquiries relating to this letter should be directed to the Organizing Secretary. We look forward to welcoming you to the 2018 IPOSC ROP Africa Symposium.

Yours sincerely,

R.V. Paul Chan, MD, FACS
Program Chair

Jenny Baker, MA
