## Hospital & Health Sciences System

— Changing medicine. For good. —

### **Neuromuscular Clinical Faculty Positions**

#### **Department of Neurology and Rehabilitation**

#### **University of Illinois College of Medicine-Chicago**

The University of Illinois College of Medicine and the University of Illinois Hospital & Health Sciences System is undergoing a major expansion in all areas of neurology including neuromuscular medicine. As part of this expansion, UIC is recruiting an additional faculty member in neuromuscular medicine.

The successful applicant should either have an established track record as a clinician-investigator or show exceptional promise for a career in academic neurology. Applicants will be expected to establish and maintain vigorous clinical programs and/or externally funded research programs and participate in teaching. The department is committed to providing the successful applicant with adequate resources, including laboratory start-up funds where appropriate, to insure career development.

UIC has large myasthenia gravis and ALS patient populations, active MDA and ALS clinics, a busy EMG lab with 2 sites, a neuropathies and nerve injury clinic, and ACGME accredited neuromuscular and neurophysiology fellowship programs.

Board-certification or board-eligibility in Neurology and Neuromuscular medicine is required.  
Rank/tenure commensurate with experience.

Interested parties should send their curriculum vitae and a statement of professional interests to Charles Abrams, MD, PhD - Director of Neuromuscular c/o David Katz at [davkatz@uic.edu](mailto:davkatz@uic.edu) . Please call 312-355-1748 if additional information needed.

**The University of Illinois at Chicago is an Equal Opportunity, Affirmative Action employer.**  
**Minorities, women, veterans and individuals with disabilities are encouraged to apply.**
