

# UIC Pediatric Glaucoma Symposium

## Eugene R. Folk Lectureship

September 2019

### Eugene R. Folk, MD

an "Infirmary Legend"

*Resident in Ophthalmology (1952-1954) at the Illinois Eye and Ear Infirmary*

Dr. Eugene Folk trained over 200 residents and more than 30 fellows in pediatric

ophthalmology and strabismus during his tenure at the University of Illinois Eye and Ear Infirmary. Eugene Folk was a teacher, a mentor, a friend to many and certainly an advocate for children. For those who had the privilege of training with Eugene Folk, strabismus and pediatric ophthalmology was exciting, challenging, confusing, but *never* boring.

### David S. Walton, MD

Keynote Lecturer

#### Childhood Glaucomas: Which procedure for which glaucoma?

Clinical Professor of Ophthalmology  
Harvard Medical School  
Massachusetts Eye and Ear Infirmary

David Walton's clinical specialties include: Neuro-ophthalmology, pathology of pediatric eye disease, & surgical treatment of childhood glaucoma and cataracts.

### Schedule
