

# 1st Annual Electrophysiology Symposium

September 28-29, 2018, Chicago

## FRIDAY - SEPTEMBER 28, 2018

Breakfast and Registration				
07:30 - 08:15				
08:15 - 08:30	Opening Remarks			
Session Title	Chair names	Speaker name	Presentation title	
1 08:30 - 08:50	Knight, Wissner	Hugh Calkins, JH	Catheter Ablation of Paroxysmal AF in 2018	
2 08:50 - 09:10		William Spear, CCE	Techniques to improve delivery of focal RF lesions	
3 09:10 - 09:30		Rishi Arora, NU	Mechanism of persistent AF	
4 09:30 - 09:50		Al Lin, NU	Electrical isolation of the LAA during catheter ablation of AF: Friend or Foe?	
5 09:50 - 10:10		Erik Wissner, UIC	Balloon-based ablation technologies for pulmonary vein isolation	
6 10:10 - 10:30		Hemal Nayak, U of C	What to do after two failed AF ablations?	
10:30 - 10:40	<i>Pannel Discussion &amp; Q&amp;A</i>			
10:40 - 11:00	Morning Coffe Break			
7 11:00 - 11:20	Darbar, Passman	Rod Passman, NU	Anticoagulation strategies before, during and after catheter ablation of AF	
8 11:20 - 11:40		Kousik Krishnan, Rush	Utility of LAA occluder and ligation devices	
9 11:40 - 12:20		TBD	Diagnosing AF: The role of remote monitoring	
10 12:00 - 12:20		Dawood Darbar, UIC	Population screening for AF	
12:20 - 12:30		<i>Pannel Discussion &amp; Q&amp;A</i>		
12:30 - 01:30	Lunch			
11 01:30 - 01:50	Nayak, Santucci	Brad Knight, NU	Efficient Approach to SVT diagnosis and Ablation	
12 01:50 - 02:10		Peter Santucci, Loyola	Atrial tachycardias and flutters	
13 02:10 - 02:30		Andrew Beaser, U of C	Arrhythmias in HCM and athlete heart, new approaches to gradient reduction	
14 02:30 - 02:50		Greg Webster, NU (Lurie)	Arrhythmias in Adults with Congenital Heart Disease	
15 02:50 - 03:10		Mark McCauley, UIC	Modern approach to syncope	
16 03:10 - 03:30		Dawood Darbar, UIC	Channelopathy related arrhythmias	
03:30 - 03:40	<i>Pannel Discussion &amp; Q&amp;A</i>			
Guest Speaker reception				

## SATURDAY - SEPTEMBER 29, 2018

Breakfast and Registration				
07:30 - 08:30				
Session Title	Chair names	Speaker name	Presentation title	
17 08:30 - 08:50	Tung, Wilber	David Wilber, Loyola	Catheter Ablation in patients without structural heart disease	
18 08:50 - 09:10		Alexander Green, Loyola	Catheter ablation in patients with ischemic cardiomyopathy	
19 09:10 - 09:30		Smit Vasaiwala, Loyola	Ablation in patients with epicardial substrate Brugada, ARVD, dilated CM	
20 09:30 - 09:50		Zaid Aziz, U of C	Updates in VT ablation: Stop VT, Noninvasive VT ablation, etc.	
21 09:50 - 10:10		Alex Chicos, NU	Debate: We should have a low threshold to ablate VT	
22 10:10 - 10:30		Roderick Tung, U of C	Debate: We should have a high threshold to ablate VT	
10:30 - 10:50	Morning Coffe Break			
23 10:50 - 11:10	Kim, Trohman	Sorin Lazar, UIC	Who benefits from an ICD	
24 11:10 - 11:30		Susan Kim, NU	Reducing radiation exposure during CRT implantation	
25 11:30 - 11:50		Gaurav Upadhyay, U of C	Alternative site pacing and leadless pacing	
26 11:50 - 12:10		Henry Huang, Rush	SQICD: When and How	
27 12:10 - 12:30		Nishant Verma, NU	The role of His bundle pacing in resynchronization therapy	
12:30 - 01:30	Closing remarks Lunch
