

Center for MR Research – 3T

Policy 2: Designated Eating/Drinking Areas

It is the policy of the Center for MR Research to provide guidelines for the consumption of food and drink by the staff on work premises.

PROCEDURE

- A. The only areas designated for food are the staff lounge, kitchen, and conference room. As a courtesy, beverages should be limited to areas away from the patients, physicians or visitors. In addition, beverages are not permitted in the labs or scanning areas and need to be kept away from all electronic equipment.
- B. Please refrain from eating in the Subject Prep Room.
