Movement Disorders Faculty Position
Department of Neurology and Rehabilitation
College of Medicine

The Department of Neurology at the University of Illinois at Chicago and the University of Illinois Hospital are undergoing a major expansion in all areas of neurology including Movement Disorders. As part of this expansion, UIC is recruiting an additional faculty member with fellowship training in Movement Disorders.

The successful applicant should either have an established track record as a clinician-investigator or show exceptional promise for a career in academic neurology. Applicants will be expected to have strong interests in clinical research and/or teaching. Successful candidates will have the opportunity to work with an established multidisciplinary support team that treats a high volume of patients with both hyperkinetic and hypokineti movement disorders.

The department is committed to providing the successful applicant with adequate resources, including laboratory start-up funds, where appropriate, to ensure career development. Board-certification or board-eligibility in Neurology is required.

Interested parties should send letter of interest and CV to Neurology Department Head Jeffrey Loeb, MD PhD c/o David Katz at davkatz@uic.edu. Please call 312-355-1748 for additional information.

The University of Illinois at Chicago is an affirmative action, equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, gender identity, sexual orientation, national origin, protected veteran status, or status as an individual with a disability.

Offers of employment by the University of Illinois may be subject to approval by the University’s Board of Trustees. The University of Illinois may conduct background checks and other pre-employment assessments on all job candidates upon acceptance of a contingent offer. Background Checks will be performed in compliance with state and federal law. As a qualifying federal contractor, the University of Illinois System uses E-Verify to verify employment eligibility. The University of Illinois System requires candidates selected for hire to disclose any documented finding of sexual misconduct or sexual harassment and to authorize inquiries to current and former employers regarding findings of sexual misconduct or sexual harassment. University of Illinois faculty, staff and students are required to be fully vaccinated against COVID-19. If you are not able to receive the vaccine for medical or religious reasons, you may seek approval for an exemption in accordance with applicable University processes.
